P.T.6.

Owing to the great difference in the areas as per Survey Registers and the plan of acquisition (0-8 guntas) details of both were separately shown in the Notification under Sec.4(1), lest the owner who receives a copy of the notification, should otherwise object to the area of his land. As this notification has already been approved of and published, I see no objection to the retention of the details in the notification under Sec.6.

The recorded survey area of this land as per "Akarband" of Ulsoor prepared in 1917 was 2 Acres which includes 12 guntas (korab). In 1926-10,010 sq.ft. of this survey number (roughly 9 guntas) were acquired for sinking a well by the Railway Company, hence the remaining portion of land as per registers is A.1-31 Guntas, which includes 12 guntas korab"
